

Year R Weekly Newsletter

Friday 18th September 2026

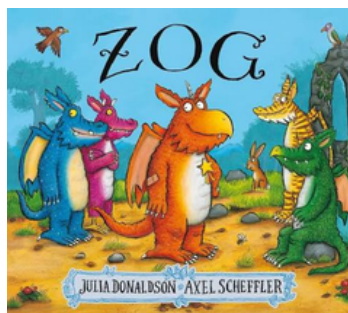

Welcome to our first weekly Year R newsletter!
Each week I will upload a summary of our week including notices, news and information onto our class page. This week I have printed the newsletter, from next week you can access via our class page by scanning the QR code below. See you on Monday!

Miss Cole

We love playdough!

Playing with playdough helps us to develop our fine motor skills - the muscles in our fingers and hands. It also helps us to show off our creative side! This week our playdough was orange like Zog the dragon!

Our story this week is "Zog." We have been learning all about the main character Zog and talking about what we have learned.

Subject Spotlight: Art

This week in our Art lesson we explored different textures. We used brushes, leaves and sticks to make marks on our paper.

This week in RE...

We spent time outside looking for things that make us go "Wow!" Then we heard the story of how God made the world: "In the beginning God created the heavens and the earth." (Genesis 1:1)

Dates for your diary:

Monday 28th September
2:30pm
Phonics Meeting in the School Hall!

Phonemes of the week!

Check back here next week to see the phonemes and graphemes we have learned this week!
